Odette Commerce Society Team Charter

ABOUT THE ODETTE COMMERCE SOCIETY

The Odette Commerce Society (OCS) is the Odette School of Business's Student Association, representing over 1600 undergraduate students and being an umbrella organization for subsidiary Odette clubs.

OCS is a Gold Accredited Member of the Canadian Association of Business Students (CABS) and has been a part of the organization since 2016. Our involvement with CABS allows our team to network with other Business Student Association Executives across Canada, as well as participate in JDCC, Central Canada's largest business undergraduate competition.

As a Society of the University of Windsor, we are a ratified club under the UWSA, the governing body of all students at the University of Windsor. Through this connection, our students have access to the various services and offerings that the UWSA brings to the University and are fully encouraged to become more engaged with University affairs.

The internal projects run by OCS include Humans of Odette and the Odette Collection, which are both operated under the marketing portfolio. In addition to these projects, OCS is always looking for more ideas to grow the Odette School of Business and provide a sense a community within the school.

The H.O.U.S.E. (Helping Odette Undergraduate Students Excel) Program is also run through OCS, in collaboration with the Student Success Centre (SSC). Through this partnership, first year students are paired with an upper year mentor to smoothen the transition from high school to university. In many ways, H.O.U.S.E. is the cornerstone of the Odette Commerce Society.

MISSION & IDENTITY

The Odette Commerce Society's mission is to encourage the perpetual success of students and communities, through student leaders who support empowering students, and community service projects.

The Odette Commerce Society identity is built on the values of integrity, trustworthiness, and fellowship with each other and the students we serve. We stand for candid, compassionate, straight-forward communication and will seek and support events that create situations in which all of Odette students can experience the pleasure of change and personal growth.
